Thank you all for taking part in the Footpath Relay 2010 even with only 4 teams there was a competition, in fact 2 competitions as there was soon a race between first and second and trailing further back third and forth. Trust that all teams managed the required 20 points even though I hadn't realised a 35 year old prop forward was worth 3 points, you could have had some of Holme Pierreponts as we had 32 and our 70+ year old should be worth more than 2.

Have just listed times to the nearest minute and added total for each circuit.

Congratulations to Sandhurst Joggers who got both final leg runners home before any other teams to secure their first victory in the 15 years that they have been making the long trip up to Derbyshire.

There were a few cases of runners not being where they should be at the right time and this is show above as additional time to those legs. This did not change the result but would have made things much closer.

Thanks to all the marshalls, most of whom were also running, for looking after the change overs and time keeping.

Lets hope this event can continue and we all meet again next year.

Glyn
